

Data p XRF analysis (Röntgenfluorescentiespectrometrisch onderzoek)

Object :	
Artist :	
Title and date :	
Conservator :	
Analist :	
Date analysis :	

Visual examination - microscopy	Ion - Chromatography	pXRF - analysis (relative to objects in the project)
Date:	Date:	Date:
Very poor	Unknown	Further reserch needed

Specific research question

Examination and analysis	
Instrument	
Instrument settings	
Additional information	

Location mapping of compositional analysis and measurement of approximate glass thickness	
Practical limitations	
App. thickness in mm.	

Spectra

Results	
Limitations	
Main elements in wt%	
Trace elements in ppm	
Type of glass I	Soda - Lime
Type of glass II	

Related object(s)	

Discussion of results

Object in relation to other objects in this project

Suggestions for further research
